Guideline- DHCR LICENSURE REQUIREMENTS FOR NURSING GUIDANCE FOR APPLICANTS

INTRODUCTION

Dubai Healthcare City Authority – Regulatory (DHCR) regulates and licenses healthcare professionals in Dubai Healthcare City (DHCC). This guideline has been prepared to define the minimum licensure requirements for professionals intending to obtain a Dubai Healthcare City Authority (DHCA) license to practice in DHCC as a Nursing professional. The Nursing Professional applicant must comply with:

- The General Requirements for Licensure as a Healthcare Professional ⁽¹⁾; and
- The specific profession's minimum licensure requirements listed below.

Note: _ Graduates from UAE MOE-approved universities are exempted from clinical work experience.

1. PURPOSE

1.1	To set the minimum qualifications and experience required for Nurses to obtain a DHCA license.
1.2	To ensure that a DHCA-licensed Nurses in a field has the required training, knowledge and experience to perform as a qualified Nursing professional.
1.3	To ensure a high quality of service necessary to protect patients and consumers in DHCC.

2. SCOPE OF APPLICATION

2.1	The guidelines communicate to Nurse professionals, Healthcare Operators with relevant Nursing services, or other DHCA relevant departments regarding the minimum licensure requirements of Nursing Professionals.
-----	---

3. APPLICABLE TO

3.1	All healthcare professionals intending to apply for a license to practice in DHCC under the Nursing category.
3.2	All healthcare operators providing or intending to provide Nursing services in DHCC.
3.3	All regulatory departments involved in licensing, inspecting or evaluating Nursing Professionals.

¹This document should be read in conjunction with the **'Healthcare Professionals Licensure General Requirements Guidance for Applicants'** document which can be accessed/downloaded from the Dubai Healthcare City Authority - Regulator website at:
